### NEWS NOTES

Jason Coffey has been appointed postmaster at Yosemite, Casey county.

Felix B. Twidwell, former resident of Hustonville, Lincoln county, is dead at San Antonio, Texas.

The chamber of commerce of the United States will meet in San Francisco July 6 after a tour of leading Western cities.

Mrs. Callie L. Applebaum, who was found guilty of the murder of her husband, a Chicago traveling salesman, at Atlanta, Ga.

After a conference with President Nativin, Tyrus Cobb, center fielder for the Detroit club, attached his name to a 1913 contract.

Wm. Chittney Borden, the young missionary who died at Cairo, Egypt, left practically his entire estate of \$1,000,000 to foreign missions.

Former Secretary of State Olney expresses the opinion that the country has the right to exempt its coastwise vessels from a canal tax.

The National Good Roads Federation adjourned at Birmingham, after electing officers and deciding to meet in St. Louis not later than Nov. 15.

The Women's Board of Foreign Missions of the Presbyterian Church, meeting at Rochester, N. Y., voted to hold its 1915 convention in Louisville.

A half holiday was declared at all Opelousas, La., turned out to welcome the child identified as Robt. Dunbar, who was kidnapped from his home last August.

Ed Salter and Ernest Bryant, Stanford negroes, who were charged with stealing \$20 from a Casey county negro, were convicted in the Boyle circuit court and sentenced to the pen for one to five years.

Ethel Basie Angel, a 17 year-old Louisville girl, who says she eloped under promise of marriage, was restored to her mother in New York and Samuel Harris, who pleaded guilty to the charge of buying her as a white slave, was remanded to the Tombs pending sentence.

Henry Clay Pierce, chairman of the board of directors of the Waters-Pierce Oil Co. at St. Louis, made the statement that he had to pay \$6,800,000 through misplaced confidence as the result of the promotion of the Tennessee Central railway.

In a speech supporting the Underwood Tariff Revision Bill, Majority Leader Underwood was referred to by A. Mitchell Palmer, of Pennsylvania, as "the logical candidate for President." Representative Langley, of Kentucky, critized the bill.

Jim Brown, known as "Shine," was electrocuted at the Eddyville prison on Friday. The negro was convicted of the murder of Deputy Sheriff George M. Hart, of Winchester. In a letter written to a friend in the Clark county jail, he confessed to firing the shot that killed Hart and exonerated the four other negroes indicted.

**A WOMAN'S WORK**  
sometimes reduces her strength to the depths of weakness—her devotion to household cares prevents sufficient rest and recreation. Thousands of women in this condition find Scott's Emulsion exactly what they need; it is predigested body-food so medically perfected that every drop yields direct returns in strengthening the organs and tissues used in making healthy, life-sustaining blood. Scott's Emulsion is devoid of alcohol or any harmful drugs, and overcomes tiredness and nervousness in a marvelous way.

### Not an Applicant.

Although it has been repeatedly published that Col. Woodson May, of Somerset, is an applicant for the Danville Collectorship, the Advocate is reliably informed that he has never had any intention of applying for the place. Mr. May is doing a great service for the democratic party in the republican Gibraltar of Kentucky. He is serving his second term as a member of the State Central Committee in the biggest Congressional district in the State; he was a member of the last State campaign committee, making the fight for President Wilson; he was one of the first men appointed by Gov. McCreary on his staff; he was one of the three members of the State campaign committee who constituted the press bureau for the National campaign in Kentucky; and Mr. May is also a member of the executive committee of the State Democratic Editorial Association and is the editor of the only democratic paper in the Eleventh district. Notwithstanding his great service for the democratic party and for Gov. James B. McCreary in his race, the Eleventh district has practically not been recognized by the chief executive in the distribution of patronage. It looks like the Governor is making a critical mistake in not rewarding such men as Mr. May and men of his caliber in the Eleventh—Danville Advocate.

### Rubber Tires.

I desire to say to the good people of Madison and adjoining counties that I am prepared to do all kinds of rubber tiring. I put 7-8 Kelly Springfield rubber tires on wheels of any height for \$14 per set, 7-8 steel tires for \$1.00 per set. Bugy tires set 40 cts. each. These are cash prices. See me before ordering any work of this kind.

### State University News

(By G. C. Wilson)

The annual inspection of the State University cadets was held last Wednesday. Company A, under Captain A. K. Gayle, of Frankfort, was declared to be the best company. The winning company will be given a banquet at the Phoenix Hotel in a few days. Two prizes of \$5 each were given to the best individual drilling.

A debate held Tuesday night between the Freshmen of the Patterson and the Union societies resulted in a victory for the Patterson team. The question was,

"That the Women of Kentucky should have equal suffrage with men." The winning team had the negative side of the question and won by a unanimous decision. The members of the winning team were G. C. Wilson, of Kirksville, C. A. Nicholson, Grace, Ky., and Julius Wolfe, Ashland. This same team has been chosen to represent the Freshman class against the Sophomores in a debate that is to be held the last part of May.

E. L. Hall, secretary of the Young Ladies' and Young Men's Christian Association, who recently came here from the University of Illinois, has been employed for the coming two years.

At the close of the student canvass last week State University broke the record of having the largest enrollment of students in the Y. M. C. A. of any State University in America. Over 80 per cent of the student body is enrolled in the work.

### Traveling Men

Find that our service spares them many an hour. It is sometimes inconvenient to wait for a late train and a big sale may be lost on account of it. For that reason we have a machine always on hand to do your bidding and get you to your next town in short order. Give us a trial. Azbill's Livery Stable. 60-1f

### Lost—Reward.

Lost, probably on Main street, Wednesday evening of last week, a pearl rosary with gold chain. Reward, if returned to Climax office.

### Southern Railway to Furnish Drinking Cups.

Arrangements have been made by the Southern Railway to furnish sanitary individual drinking cups to passengers on all trains and a large supply of cups of the collapsible paper type has been ordered. As soon as the cups have been received each conductor will be furnished with a supply and any passenger desiring a cup will receive one free of cost on application to the conductor. Notice to this effect will be posted in each coach.

Furnishing drinking cups to passengers on the large number of trains operated by the Southern Railway will involve a substantial expenditure which is being undertaken to provide for the convenience of patrons of the railway. All common drinking cups have been removed from trains in compliance with U. S. Government regulations and the statutes and ordinances of many States and municipalities.

Hereafter passengers on all Southern Railways will be put to no inconvenience or expense in regard to drinking water and at the same time will not be subject to any possible infection thru' the use of the common drinking cup.

### Hair Goods.

### Thoughts For The Day.

"The gold of the April sunshine,  
The sweet of the April breeze,  
The bluebird's note in yonder wood,  
The drone of the bees;  
The far hills' distant outline—  
All tender blues and grays,  
The April joy of blossoming world,  
And the charm of April days."

### Economy.

George Gould said, apropos of an adverse ruling by the Commerce Court:

"If this sort of thing keeps on, the railroads will have to be as economical as Conductor Jay."

"As Jay went through the train taking and punching the tickets, a traveler said to him:

"What becomes of the little pieces you punch out, conductor?"

"Oh," Jay replied, "I save them up and sell them for confetti."

Our line of Coffees are as fine as you can get in any market. Give them a trial. Covington Thorpe Co. 57-1f

# WHY =

Has the Hustling Cash Store sold so many more goods so far this season than ever before?

Why have Hamilton Bros. at such an early date, had to search the markets for an almost new stock of spring merchandise?

Why do we buy these goods always at bottom prices?

# BECAUSE

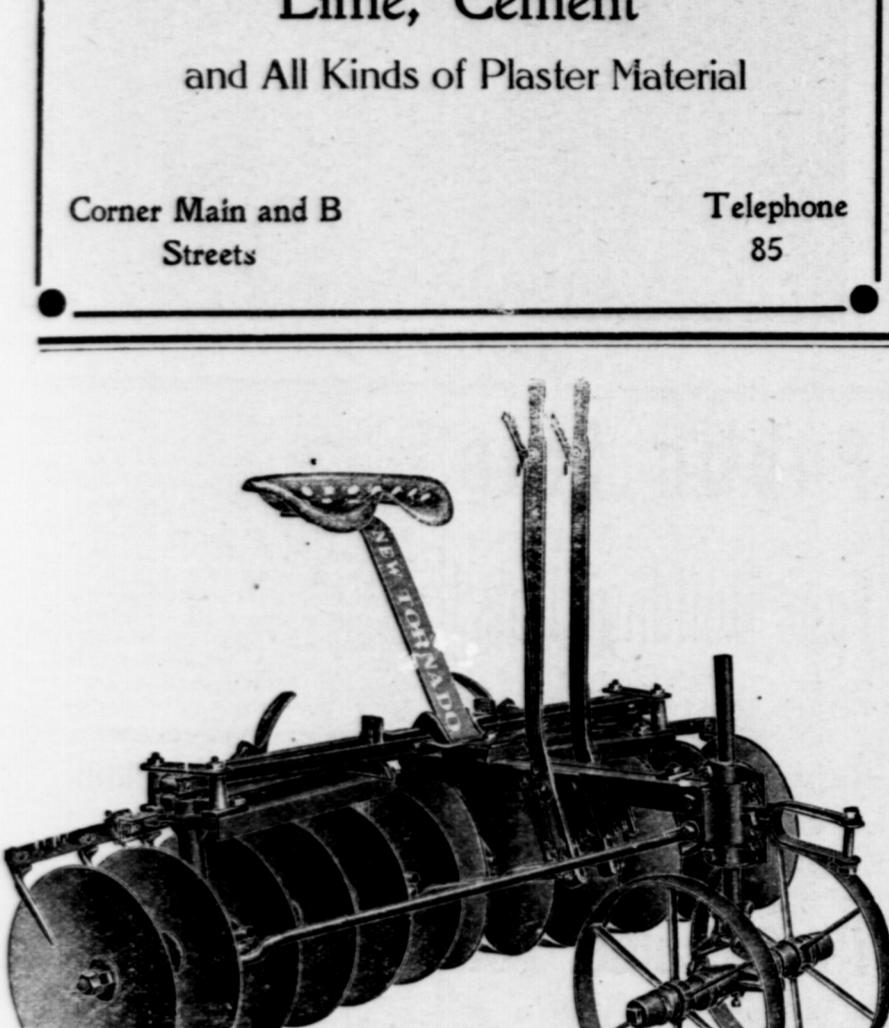

Because we sell for cash and can, of course, pay cash. And by paying spot cash we can get the lowest possible market price  
Because we are satisfied with a reasonable profit and MAKE GOOD what we say about every article sold  
Because we buy often and keep our stock fresh and new, and extend a courteous invitation and cordial welcome to each and every patron. Therefore

BECAUSE Mr. Watterson gave his views of woman suffrage in pretty plain English, a suffragette called him all sorts of "lairs" in her speech in Louisville, without specifying, however, wherein he had "lied," and wound up by challenging him to a joint debate. When told of the challenge Mr. Watterson then simply said, "I can imagine no greater waste of time than for a battered old man and a silly old woman

bandying words across a broom-stick." The English exotic, who has been importuned to tell women ought to have the right to vote, is not making any friends for the cause by what is deemed very unladylike charges in this country. The woman who presumes on the protection of her petitions to use such language of a gentleman either forgets her sex or was denied proper training. If Mrs. Snowden can do no better than apportionly epithets to Kentucky's most distinguished citizen, she ought to retire from the rostrum long enough to learn lady-like manners, else, like to New York land, take the first steamer back to England.

ILLINOIS is about to pass a string of law which should be on the statute books of all the States. It provides that the birth of a child out of wedlock shall constitute a common law marriage between the man and the woman responsible for it, the dissolution of which shall be through regular divorce proceedings, a decree in her favor entitling the woman to alimony and the support of the child. The offense is also named as disorderly conduct, carrying a jail sentence. Such a law is in the interest of good morals and humanity. It will reduce the number of illegitimate births and remove the stigma of illegitimacy always attaching to a child so born, and who is not at all responsible for its being. This bill makes no special provision against married men who become the fathers of such children, the more's the pity; but it ought to be made a capital offense.

The same dispatch which tells of a drastic gambling law passed by the Oklahoma Legislature also says that there are 43,431 native-born Kentuckians who have sought homes and fortunes in the new State. All Kentuckians are noted for their love for games of chance, there may be a reason for the juxtaposition of the statements. We have a pretty severe anti-gambling law in Kentucky, but the Oklahoma enactment makes gambling of all kinds a felony, prohibits slot machines and the shaking of dice and a heavy fine is attached for renting a building or room to be used for gambling purposes. The penalty for gambling is fixed at a fine of \$500 to \$2,000 and a penitentiary term of from one to ten years. The trouble, however, about too severe laws is that they defeat their object, because juries will hesitate to inflict the penalty and make convicts of those who are not really bad.

The country seems to grow upon what it is fed. We have had pensions and then more pensions until this government is now paying over two hundred millions of dollars annually for them. Emboldened by the success of the pension grabbers, so-called progressive Congressmen has introduced a bill to provide for an old age pension. All persons who have arrived at the age of 65 and who give no more than ten dollars a week for their work, are to be paid from one to four dollars a week by the government. It is hardly possible that such a preposterous proposition will be an encouragement for laziness and keep men from trying to earn a competence or to provide for a rainy day.

PRESIDENT WILSON is catching on to the ways of the men who have recently moved to the highest office in the country, and on Sunday last climbed aboard the vessel especially designated for him and cruised around on the Chesapeake Bay and the Atlantic ocean till Monday. Undoubtedly his immediate predecessors, however, he slipped off without any blowing of horns and firing of cannon and returned in the same modest manner. As a matter of fact, there is very little of the spectacular about the great Democrat who occupies the White House.

Mrs. H. H. Haines and daughter, of Walkerville, Ontario, Canada, have arrived for an extended visit to Mr. and Mrs. M. C. Covington.

Mr. G. G. Corzelli and family have moved from Hotel Glyndon to their pretty home on Lancaster avenue for the summer. Considerable improvement is being made on the residence.

Mrs. I. G. Ballard and daughter, Miss Frances Morton Ballard, left this morning for Louisville, where they will spend some time visiting friends and regard the yellow peril as the greatest of perils.

THE KRUPPS, the largest makers of guns and armament in war in the world, are charged with creating war scares in order to dispose of their products at increased prices. The charge may or may not be true, but if true it is the most diabolical effort ever conceived for private pecuniary profit.

SOME of the opponents of the income tax are saying that it is an imposition on thrifit. All taxes are, for that matter, with perhaps the exception of the poll tax and the dog tax.

Death of Mr. C. F. Graff.

At 1 o'clock this morning, Mr. C. F. Graff, father of Mrs. J. G. Crabbé, breathed his last at her home on the Campus, after an illness of short duration. Gastritis, together with his advanced age, 75 years, brought about the death. The funeral is being held at the Crabbé home at 4 o'clock this afternoon and the remains will be taken to his old home at Delaware, O., for interment in the morning. Dr. G. W. Crutchfield, of the Methodist church, is officiating at the funeral services. During last fall Mr. Graff joined his daughter here and had made some very close friends here. He was a fine old gentleman and his demise is the source of general regret.

A son reached Richmond this morning, but not in time to see his father alive.

Dr. Crabbé has gone to Louisville to attend the Kentucky Normal and Model students' meeting, but hurried home when the illness of his father-in-law was made known to him.

Steve Gill, Leach Bront, Bill Turpin, Robert Gardland, Milton Rose and Willie Royston each got a \$100 fine and 30 days for selling whisky. G. G. Gilbert was sentenced to six months in the Covington jail for stealing books from the government. He is an exceedingly fine looking man, well dressed and of excellent address. He is said to be an expert boot thief, selling a book in a home and stealing one or more before he would depart. Charlie Baughman, a Stanford negro, was fined \$100 and given 30 days for whisky selling. To the surprise of the Judge and the other officials, he drew out a hundred dollar bill and paid his fine. The jail sentence was set aside. Baughman attracted much attention in court by his flashy clothes.

#### Whose Whisky Is It?

Sheriff McCord and Chief of Police Allman have 40 quarts of good old booze in their possession but nobody will claim it. Strange, isn't it? They got wind the other night that parties were bringing a lot or "red eye" and tried to meet them on the train and accompany them in, but the fellows also got some wind and hunted greener fields in which to prey their trade. They have it at the disposal of any one who claims it. Is it yours? If so call on those gentlemen.

#### City Council Doing.

When the roll was called at the city council meeting last night, "absent" was placed after the name of Councilman Vaughan, but before any work was done he arrived and "present" was substituted. The meeting hour is changed from 7:30 to 8 p.m. on May 1st and a good many of the members and onlookers forgetting this, were on hand promptly at 7:30 and they had a little wait of 30 minutes.

Reading of the minutes and the adoption of them as read was the first work. Collector Wilson reported \$99,47 collected on taxes, etc. The committee appointed to buy oil for the streets reported that it had done its work promptly and that it was no fault of theirs that the oil was not here. It is believed that the oil will arrive by tomorrow at the outside. It will be placed on the business streets first and then in those portions of the resident section of the city where appropriations have been made.

Work on East Main street from Soper's Mill to Hallie Irvine street was ordered.

An ordinance was passed making the conviction for selling whisky, of the proprietor, clerk or porter of a billiard or pool-room, sufficient evidence against the holder of billiard or pool license to justify the council in revoking such license and that no rebate shall be given in such cases.

It was ordered that the pavement in front of the homes of James B. Walker, Judge W. R. Shackelford, Dr. C. H. Vaughn and Mr. J. M. Hayden on West Main street be raised to the height of the pavements east and west of it.

It was moved, seconded and voted that the expenses of Chief of Police J. H. Allman be paid to the convention of Chiefs at Washington City on June 9 to 13th.

A fire plug was ordered placed on Short street.

The committee appointed to revise the fees for licenses of various kinds, reported as follows: Accidental insurance, \$10 per year. Bill posters, \$25 per year. Billiard and pool tables, \$50 for first and \$25 for each additional one. Bonding companies, \$10. Ball and baby game, \$10. Bowling alley, \$25

## "Pittsburgh Perfect" Fence

*Because it's Welded, you can take it Down  
and Put it Up Without Injuring the Fence*

That's a good point to consider. Many a time you would shift a line of fencing from, say, the bull pasture to the hog lot—if it didn't destroy the efficiency of the fence.

In "Pittsburgh Perfect", the only fence with electrically welded joints, the stays are permanently joined to the line wires.

Made in Different Styles for FIELD, FARM, RANCH, LAWN, CHICKEN, POULTRY and RABBIT YARD and GARDEN

## All Eyes are on the 1913 Saginaw

Dairymen and Stockmen all over the country are already asking, "What will be the big 1913 Sensation in Silos?" And, for the answer, all instinctively turn to the famous SAGINAW. For they know that every practical Silo improvement in the past seven years appeared first in the SAGINAW SILO.

We Promise Another Sensation  
For 1913 will be another greater, the famous SAGINAW has always been attaining for three years. An invention which brings the silo to final perfection. This new feature will be known as the Angle Steel Rib. It is the greatest reinforcement ever added to the silo.

Always in the Lead

The Saginaw Silo has always led. It was famous first as "The Saginaw Inner Anchoring Hoop." Then came the celebrated Saginaw Base Anchor. And now comes another new feature—the Angle Steel Rib.

Five Mammoth Factories

Owners of Saginaw Silos have told so many friends and neighbors about the Saginaw that it is now wanted in every farm that cannot twist; it cannot warp; it cannot collapse; it cannot shift on its foundation. Like a China Cup, it holds its shape. Last season we received orders for 587 Silos in a market only seven years. Other silos not one-tenth as popular have been in the field almost twice as long.

Solid as Gibraltar

The Saginaw Silo stands as Solid as the great mountains. It is strong, durable, and gives no trouble. It cannot twist; it cannot warp; it cannot collapse; it cannot shift on its foundation. Like a China Cup, it holds its shape. Last season we received orders for 587 Silos in a market only seven years. Other silos not one-tenth as popular have been in the field almost twice as long.

## Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been invented to cure it. But it has been found that these salves only clog the pores and cannot penetrate to where the sebaceous glands are located. This—the quality of penetrating—explains why so many treatments of eczema fail.

But you can buy a salve in our store, we are certain of what D.D.D. will do for you. That we offer a full size bottle on guarantee. You don't find the fish AS ONCE, it costs you not a cent.

I WILL STAND THE PERCHERON STALLION

### Brilliant D.

For the Season of 1913 at my farm on Boggs' Lane, near Richmond, at

### \$15 to Insure a Living Colt

Brilliant D. is a Percheron horse, bred by W. E. Grimes, of Sweetwater, Ill., color gray, foaled April 6, 1906. Sired by Gaurol's Percheron stallion, imported by Duncan, Fletcher & Coleman, of Wayne, Ill. His sire was a Percheron, by Voltaire, his broodmare, by Voltaire, he by Brilliant, Dam Maz. Black mare by Roscoe, he by Jas. Brown's Brilliant, (a prize winner at the Chicago World's Fair), he by Brilliant, one of the foremost Percherons of either France or America, for whom Mr. Duncan was offered a very long price to let him go to France. So it will be seen that Brilliant D. is very bred in the Brilliant blood, and is fully entitled to the name of Brilliant.

I wish to impress upon parties having a horse to insure, that Brilliant D. weighs 1,700 pounds, and is a very good feed, and when it takes weight to bring the money.

Tiger Bill's show will be here Wednesday, much to the delight of the school children. It claims to have some genuine Indians and this will be a novelty to the little folks.

### Are Good Feeders.

That Mr. A. D. & C. D. Miller, the Lexington paint farmers, are good feeders is shown in the following: On Dec. 15 they bought a lot of cattle that averaged \$50 pounds and on last Saturday, 26th, sold 29 of them that averaged 150 pounds—\$200 pounds each for a little over four months. They have 31 more of the same class of cattle that they will offer on June 1st and on which they expect to put a great deal more flesh.

These cattle have been fed on crushed corn and cotton seed meal, but of late they have gotten all the grass they could eat besides. The buyers were J. W. Wagers and Matt Shearer and they paid such a long price for these splendid cattle that we could not extract from the Messrs. Miller the figure.

### For the Weak and Nervous.

Supt. John Noland is in receipt of a letter from the Louisville Commercial Club stating that it will give \$250 in gold to the boy in the corn clubs of Kentucky who is State champion and who exceeds 150 bushels of corn to an acre.

Also \$250 in gold will be awarded the girl in the Tomato Canning Club of Kentucky who is State champion and cans to exceed 900 quarts from her 1-10 of an acre.

This is the largest sum ever given to any girl in the State.

These cattle have been fed on crushed corn and cotton seed meal, but of late they have gotten all the grass they could eat besides. The buyers were J. W. Wagers and Matt Shearer and they paid such a long price for these splendid cattle that we could not extract from the Messrs. Miller the figure.

### Constipation Cured.

Dr. King's New Life Pills will relieve constipation promptly and get your bowels in healthy condition again.

John Supsic, of Sunbury, Pa., says: "They are the best pills I ever used, and I advise everyone to use them for constipation, indigestion and liver complaint."

Will help you. Price 25c. Recommended by all druggists.

### Electric Bitters

Made A New Man Of Him.

"I was suffering from pain in my stomach, head and back," writes H. T. Alston, Raleigh, N. C., "and my liver and kidneys did not work right, but four bottles of Electric Bitters made me feel like a new man."

Mr. Y. S. says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me."

Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1. Recommended by all druggists.
